Examples of employment obtained by leavers (2009)

Job title	Employer
DJ	Raygun Youth
Music Production Engineer	Joshua Mcinnes
Technical Support Advisor	Sky
College Assistant	Point Blank London
Business Markets Manager	Orange

Knowledge and skills

Graduates can compose, produce and re-mix music digitally. They have knowledge of the technologies utilised and have skills in using the relevant creative tools. They are experienced in using industry standard applications and also understand the equipment and techniques involved in D-Jing and live music.

Career opportunities

Employment options include music performance, production and writing music, which could be either employed or self employed. There are also wider opportunities, such as working for record companies, in music retail and in publishing.
