August 2015	<p>A colleague and I are conducting an academic research project on the student study environment. To this end, I would be grateful if you could provide the following information for each subject area and for the university as a whole, providing a snapshot for the 2014-15 academic year as close to July 2015 as possible.</p> <p>We would like you to align the information to the HESA cost codes by populating the attached spreadsheet. Where the organisation of courses does not map directly to certain cost codes, please use your judgement to convert them to the closest match, aggregating across programmes and areas or departments as necessary. Naturally, it will probably be the case that not all of the subject areas are covered at your institution and therefore please leave blank any that do not apply. I also attach the HESA cost codes.</p> <p>The figures we require are - all of them for each HESA cost code subject area and for the institution as a whole:</p> <p>1. The total no of teaching staff (FTE equivalent) - i.e. the total number of FTEs involved in the delivery of programmes in that cost-code area.</p>	Other public bodies	Section 22, section 12 and Section 36 of the Freedom of Information Act 2000. 	<p>2. The percentage of the response to 1 who are women</p> <p>3. The percentage of the response to 1 who are full professors</p> <p>4. The percentage of the response to 1 who are employed on a sessional contract, which we define as those who are employed on an annual, more than 0.2FTE non-continuing basis to teach only.</p> <p>5. The percentage of the response to 1 who are employed in a teaching-only or teaching-intensive role, which we define as one where the post holder has no formal expectation that they will conduct academic research</p> <p>6. The percentage of the response to 1 who hold a formal teaching qualification such as membership of the Higher Education Academy or an equivalent, or a PGCE or an equivalent.</p> <p>7. The median age of the teaching staff, again by HESA cost code subject area.</p> <p>8. The median number of years of service at your institution of the teaching staff, again by HESA cost code subject area.</p> <p>If this request is unclear, I would be grateful if you could let me know this, as I understand that under the FOI Act, you are required to advise and assist requesters. If any of this information is already in the public domain, please can you direct me to it, with page references and URLs if necessary.</p> <p>I understand that you are required to respond to my request within 20 working days after you receive this email. I ask that you confirm by return e-mail that you have received this request.</p>

November 2015	<p>Southampton City Council is currently progressing work on its Playing Pitch Strategy. This needs to be undertaken for the Council to collate evidence for the new city wide Local Plan. Sport England, a key consultee on any development issues concerning playing pitches, strongly recommends that there is an up-to-date and adopted Playing Pitch Strategy in place to properly inform any debate on playing pitch provision. The work will constitute an assessment report and strategy document which will have clear sport, city-wide and site specific recommendations and a prioritised action plan. It will help to identify the need for playing pitches, particularly those owned by education providers, managed Active Nation on behalf of the Council and key university provision. It will be the starting point for assessing the vast majority of planning applications affecting playing field land. The work will also help towards identifying opportunities for external funding for improving pitch facilities against a backdrop of limited Council resources.</p> <p>As part of the process in developing the PPS, the appointed consultants are moving towards the assessment of pitches used for winter sports (Stage B of the required work). As part of this process, they will also be looking to gather information on the wider supply of facilities via surveys to sports clubs in the city.</p> <p>In helping to assist this work, I would be grateful with regard to this FOI request for Southampton Solent University to provide any information it holds on sports clubs (both university and non-university related) which make use of university playing pitches and their contact details. July 2016	<p>I work as a demographer for X and hope that you can help me with regards to your student population.</p> <p>Here at X we produce Small Area Population Forecasts which are used to help plan services. Knowing the current size and structure of the population of an area, how this has changed over time and how it is likely to change in the future can help develop relevant policies and plan for operational service needs accurately and effectively.</p> <p>Our forecasts include those living in an Institution, for example student halls and care homes. At the moment our institutional population is taken from the 2011 Census. As this is now 5 years out of date we are hoping that you would be able to help us with updating this so our population forecasts more accurately reflect what has happened since 2011.</p> <p>We were wondering if you could advise us of details with regards to your student population. Ideally we would like to know the number of students who live in your own halls, and if possible the number who live within the privately owned halls. It would also be beneficial to us if you were able to inform us of the gender split of those in the halls.
