

A key responsibility of the Board of Governors is to set and keep under review the University's overall mission and strategy. It is also obliged to ensure that regular strategic information is provided to the Higher Education Funding Council for England (HEFCE).

A copy of Southampton Solent University's current Strategic Plan 2015-2020, as approved by the Board of Governors, is available on website <http://portal.solent.ac.uk/strategy/strategy.aspx>

#### Strategic Information to HEFCE

The University also publishes, and provides to HEFCE, an Annual Operating Statement and set of three-year financial projections. Copies of these documents are provided to all Governors.
