BSc (Hons) Construction Project Management and BSc (Hons) Quantity Surveying

Welcome to Southampton Solent University!

As Course Leader, I'd like to personally congratulate you and thank you for choosing to study with us. I hope you're enjoying the summer and feeling refreshed for the exciting journey ahead.

Our Built Environment courses bring together students from a wide range of backgrounds, from school leavers to experienced industry professionals. Whatever your experience, you'll find a supportive and welcoming community here.

As a student, you can join both the Chartered Institute of Building (CIOB) and the Royal Institution of Chartered Surveyors (RICS) free of charge. You'll learn more about the benefits of membership during the first few weeks of your course.

Before you arrive, please read the joining instructions carefully. We strongly recommend refreshing your GCSE Maths skills, particularly trigonometry, equations, areas, and volumes, along with key Physics topics such as forces and bending moments. These will help you hit the ground running.

As most assessments are submitted electronically, confidence with Word, PowerPoint, and Excel will be beneficial. Please bring a fully charged laptop or tablet to all Welcome Week activities, mobile phones are not suitable.

You'll soon receive your Solent Portal and SOL login details. Please complete the activities on the "Getting Ready for Solent" page before you arrive.

Welcome Week begins on **21 September**. Be sure to attend all sessions, as they are designed to set you up for success. Don't forget to bring photo ID (passport or driving licence) and your original qualification certificates for enrolment.

We're looking forward to meeting you and helping you make the most of your time at Solent. If you have any questions before then, please don't hesitate to get in touch.

See you soon!

Dr Monkiz Khasreen MSc, PhD, SFHEA, MCIAT
Course Leader – Architecture and the Built Environment
