BA (HONS) CRIMINOLOGY AND SOCIOLOGY

Hello,

I would like to extend a very warm welcome to new students joining the Sociology programme and Criminology and Sociology programme this year. I hope you are able to make the most of your time with us and all of the opportunities that it offers.

Sociology is a fascinating subject. The aim of the course is to enable you to develop your understanding of society, and the many aspects of society that matter to you, as well as providing extensive work experience opportunities along the way. Throughout the programme you will be encouraged to apply your knowledge to real-world issues. You will also have the opportunity to develop important professional and transferable skills that will be valuable regardless of the career you move forward with.

If there is anything you need to know that you cannot find, please ask. The team is very approachable, and we will point you in the right direction if we don't know the answer ourselves.

I hope you have a great first year!

Best wishes,

Dr Brian McDonough

Course Leader, Sociology and Criminology and Sociology Programmes
