BA (HONS) PHOTOGRAPHY

The Photography team at Southampton Solent University are delighted to take this opportunity to welcome you to the university and we hope you have a rewarding and memorable time whilst studying with us. This letter will provide you with all the information on the requirements for your course in advance so that you arrive ready and fully prepared. We look forward to meeting you.

PHOTOGRAPHIC MATERIALS

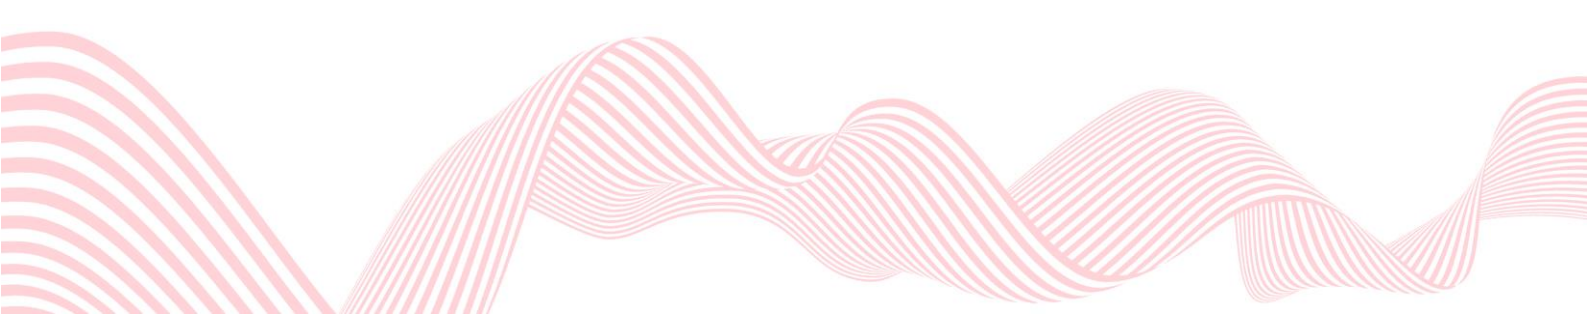

The University supplies all darkroom processing chemicals, camera and lighting equipment and technical support. You will need to purchase photographic film, darkroom paper, memory cards and inkjet printing paper that you use in the development of your projects.

We offer the materials that you will require for both your analogue darkroom and digital projects via the University's online e-shop. We will give you further information about paying for this when you arrive.

Typically, we would expect students to require the following for the year:

SEMESTER 1

- SD card
- 5-10 A4 inkjet prints
- 6 rolls of 35mm black and white film (first film is free)
- 50 sheets of 9.5x12 black and white paper
- 1x negative storage ring binder
- 6x 35mm clear negative pages
- Black portfolio box for your unit submissions and print storage
