CAREERS DISCOVERY WEEK

21 June - 25 June 2021. Lunch time and after school sessions available

To support your Year 12/Level 3 Year 1 students with their University research we have a bespoke week of activities tailored towards career planning in several different industries, as below:

Architectural Technology
Cyber Security and Networks
Fashion
Media Technology

Criminology
Engineering
Law
Sociology
Sport and Fitness

These sessions will be led by our academics and will have a focus on careers and how university courses can support students with gaining access to these areas of employment.
