Winner of the  
Most Improved University  
award for sport, 2017

Part of Southampton  
Solent University

FOOTBALL  
PROGRAMME

We deliver a comprehensive football programme to our students and the local community. Through high quality coaching and state-of-the art facilities, the club supports players' development and enters competitive fixtures throughout the season. Representing Team Solent provides a valuable extra-curricular activity, which is a fantastic addition to your student experience.

## TEAM SOLENT FOOTBALL

Team Solent Football Club is one of the most successful university clubs in recent years. Our two teams – men's and women's squads, compete in the British Universities and Colleges Sport Leagues (BUCS) and local leagues. Both clubs have experienced a great level of success over the past few years, and we believe with the right philosophy, attitude and work ethic, we can build on our success in the forthcoming seasons.

Our most talented football athletes can be selected for our High Performance Academy, which, provides financial and mentoring support to assist talented student players in reaching their full sporting potential. Successful applicants receive a support package worth up to £2,500.

## MAKE THE MOST OF THE EXCELLENT FACILITIES

Our multi-million pound outdoor sports complex (Test Park Ground) includes a 3G multi-purpose all weather sports pitch, a floodlit football stadium, two grass and rugby pitches, six changing rooms, conference facilities and a sports bar. To find out more about the facility visit [www.solent.ac.uk/test-park](http://www.solent.ac.uk/test-park)

**To find out more, look for Solent Sport online or come and have a chat.  
We're in room SH202, right above Sports Hall 3.**
