

Student Residences for September 2017

Allocation Procedure for 'Returning' Students

This policy relates to the forthcoming academic year 2017/18 and it should not be assumed that the policy will remain the same for any subsequent years.

Applications will not be considered from students if their accommodation fees for the current year are in arrears or they are in debt for accommodation fees or charges from previous years.

The Accommodation Office reserves the right to reject an application from individuals who have caused damage to residential property or distress to other residents during a period of residency, or has been the subject of any disciplinary action during a period of residency.

Who can apply?

- All currently enrolled full-time students who are expecting to re-register in September 2017.
- Postgraduate students who will continue their postgraduate studies for the whole of the 2017/2018 academic year.
- Any current resident with medical conditions or disabilities occupying an adapted room will be allowed to request accommodation for the 2017/18 academic year. Students should note that mention of special circumstances affecting their accommodation requirements will not in itself guarantee that a room will be available.

How do I apply?

Applications can be submitted online.

Rooms are allocated in strict date order.
