A short-term loan is designed to assist students who find themselves with a **temporary** cash flow problem caused by circumstances beyond their control (e.g. first payment of their student loan is delayed or there is an unforeseen emergency). They are only intended to cover essentials such as food, for a limited period only.

Loans are discretionary and are not given on demand. They may only be given when all other sources of funding are exhausted (e.g. bank overdrafts; family; friends) and are rarely given once you have had your student loan through.

If you have urgent rent or childcare costs to pay we can provide you with a letter, in the first instance, to give your landlord/childcare provider. This confirms the delays you are experiencing in your funding. These have proven very useful to students in the past, and therefore you may not require a short-term loan.

Do I qualify for a loan?

Only UK 'home' and EU students can apply. However, if you have failed to repay any previous short-term loans you may be refused another one. If you are eligible, you must provide the following evidence, to be considered for a loan:

- Be enrolled on a course at Solent University for 2018/19
- You must have exhausted ALL other available sources of money
- UK "home" students must provide a copy of their 2018/19 'Financial entitlement summary' *or* at least show they have applied for UK student funding (including the Maintenance Loan). ***Make sure your name is printed on it.***
- EU students must provide confirmation of their 2018/19 EU tuition fee loan
- You **MUST** provide **1 month's bank statements** to show you have reached your maximum overdraft limit *or* provide proof from your bank stating that it cannot be extended or that you have been refused an overdraft.
- You **MUST** have a valid debit card to ensure repayment of the loan

How much can I borrow?

Short-term loans are **interest free**.

- Single students may be considered for a loan of **up to £300**.
- Students with dependents may be considered for a loan of **up to £500**.

If you feel that you require a higher amount, you will need to discuss this with the Student Funding Adviser, who may be able to approve this in **exceptional** circumstances.

How do I apply for a loan?

- 1) You must complete the ‘**Emergency short-term loan**’ application form, available from The Student Hub or our website: <https://bit.ly/2vXu8mx>
- 2) You must see a Student Funding Adviser with your completed form and evidence. They will discuss with you your financial situation and what attempts you have made to resolve it.
- 3) Loans are offered on a discretionary basis, so the Student Funding Adviser will check if a loan is suitable for your short-term needs.
- 4) You must be very clear and detail the source of income you will be repaying the loan from.

When will I have to repay the loan?

Loans are normally expected to be repaid **within 30 days** or when your student funding payment is due (*whichever is sooner*). You will agree a repayment date with the Student Funding Adviser when completing the loan agreement. Your debit card details will also be taken. You can repay in cash directly to the income team, when the repayment is due. However, no agreement will be made without debit card details being taken.

If your student loan still hasn’t arrived by the repayment date, you must contact the Income Team to explain your situation. Prompt repayment is vital to enable us to help other students use this limited facility.

If your financial problem continues

A loan may not always be the answer. Students with longer term cash flow problems should consider making an application to the 'Support Grant' for additional financial support. Please speak to a Student Funding Adviser about this grant.

Checklist - what you must bring with you

- Your completed Emergency Short-Term Loan Application Form 2018/19
- Evidence of 2018/19 enrolment at SSU
- A valid Debit Card
- Evidence of your 2018/19 student funding entitlement (including the Maintenance Loan if you are a full-time or part-time UK "home" undergraduate) and it has your name printed on it.
- EU students must supply evidence of income to repay the loan
- One month's bank statements for **all** bank accounts you hold
- Any evidence the Funding Adviser has requested from you regarding your situation.

Please ensure you provide photocopies as documents will not be returned.

IMPORTANT! Failure to repay the loan can result in:

- The debt being passed to a debt collection agency and a **£50 late payment** fee being added to your student account.
- no further loans given from the university **and**
- you will not be able to attend your graduation ceremony

What do I do now?

Please come and see a Student Funding Adviser:
